Excel Academy is a learning center conveniently located in the North Shore of Long Island. Our goal is to educate children and teenagers, grades 3 to 12, to elevate their learning desire and confidence so that they will exceed their academic potential. To achieve this objective, we have enthusiastic instructors who are passionate about teaching and making sure your kids get the most out of their lessons. Our classrooms are new and fully air-conditioned, offering a pleasant and comfortable environment for your kids to learn new materials. We strongly believe that by previewing the subjects, your kids will do well in the school year, boosting their self-confidence, which ultimately will lead to overall improvement of their school performance.

2017 Summer Program Information

Teachers

Our instructors are licensed teachers who are currently teaching or have taught in Long Island or New York City. They include a Science chairperson, a graduate of Columbia University, a teacher of Great Neck School, etc. They are ready to provide a fast-paced class that will challenge the abilities of your children.

Web-Based Feedback System

Excel Academy is pleased to offer a unique tracking system through the Internet. We post all the curriculum, scores (homework, tests) online through a secured database. Parents are provided with unique usernames and passwords to log into our web site (www.excelacademyny.com). Once there, they can view all of the weekly grades and periodic teacher evaluations. In addition, you also can sign up for more classes online and print receipts. This web-based feedback system will allow you (and us) to keep track of the progress of your kids and take steps to address any weakness.

Admissions Information

- Applicants: Grades 3- 12 (as of September 2017)
- Early-bird registration: receive 20% discount off for enrollment of *entire session* of English and Math combined program if enrolled with \$100 non-refundable deposit by 05/31/17, 20% early-bird discount also apply to combine of any two subjects for entire session.
